

Welcome to Staff Membership

What is Membership?

Membership is completely **free** and offers you a way to...

Choose

who represents you by voting during the Governor elections. You're eligible to stand for election yourself.

Have your say

and help the Trust to improve services for patients & staff by sharing your feedback based on your experience.

Be involved

and be consulted on issues such as changes and improvements to services.

You will be automatically opted in to staff membership if you are:

- On a permanent contract
- On a fixed term contract of at least 12 months

If you are employed on a bank, honorary or fixed term contract less than 12 months we will write to you after your induction to invite you to become a public member.

You can opt out of membership at any time, simply email RUHmembership@nhs.net or call ext. 6288.

How can I make a difference as a member?

We, as an NHS Foundation Trust hospital, encourage a culture of involvement that sees you, at the heart of service delivery, patient experience, and developing our strategy through staff Membership.

This means that you can be involved in shaping our services by owning your work, and looking out for improvements into the way we deliver care. This includes things we can modify to become more effective, or things we need to change altogether. We want to hear what you want to achieve and what may be making that difficult – your Staff Governors act as a conduit for this.

What are the benefits?

- Choose who represents you by voting during the elections
- Be eligible to stand for election as a Staff Governor
- Help the Trust improve services by having your say and providing your feedback
- Be involved in and consulted on changes and improvements to services
