

I went to have my bone
density measured...

Artwork by Bridget Cook
radiographer, RNHRD

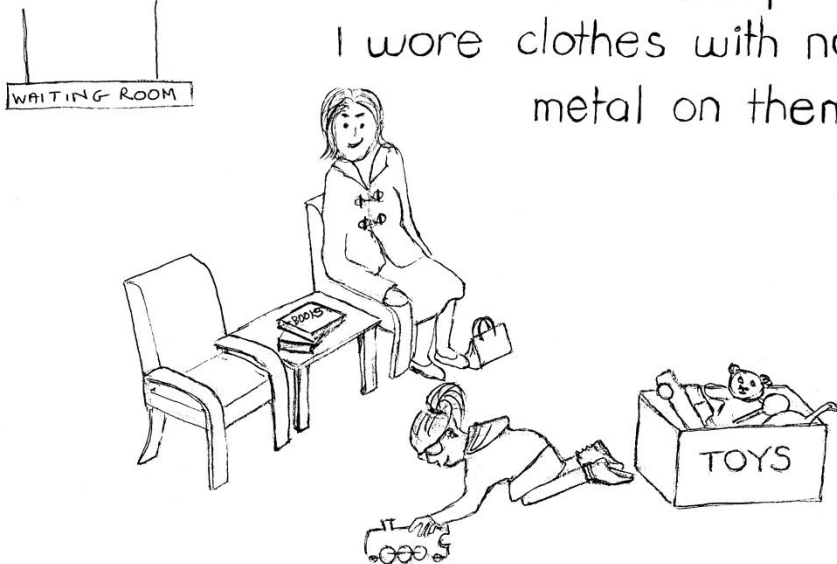

by Miranda 

One day the doctor asked me to have

Some pictures taken of my bones.

So we went to the hospital
I wore clothes with no metal on them...

... so I didn't have to change

I kept very still. I didn't feel a thing.

It didn't take long.

the radiographer said I was a star patient
