

June 2023

We sent out a questionnaire to our local community and staff

October and November 2023

We held meetings to understand what is important to vulnerable people when receiving health care

We are here

April 2024

We will share the drafted plan with people who have said they are interested in reading it to make sure it includes what has been said to us

February and March 2024

We will write the first draft of the plan to help people with additional needs receive the care and support they need whilst in hospital

May 2024

We will review the feedback and make changes if needed

July 2024

We will take a revised version of the plan to our Vulnerable People Assurance Committee

September 2024

The plan will be approved by our Board of Directors.
