

# Call for Concern (C4C)

**Are you worried about a child or young person?**

C4C is a patient safety service for inpatients and their families, also known as “Martha’s Rule”.

We know that parents and carers can often recognise a child or young person becoming more unwell before anyone else. If you still have concerns after speaking to the ward medical team you can contact the critical care outreach team directly.

For more information, please scan the QR code or ask a member of staff for a leaflet.
